2 Read about Tina's co-workers. Write subject questions for the answers.

I work for a big company. My co-workers are great fun, but some of them are a bit unusual! I sit next to Sarah – she's got six children. Winston, my boss, lives in a boat on the River Thames. Kenny from the IT department didn't drive a car until three months ago. Penelope, the secretary, writes for a magazine in her free time. Greg's the accountant. He plays in a punk rock band. Diana, our lawyer, collects trainers – she's got about two hundred and fifty pairs! Steve, the graphic designer, hasn't got a mobile phone. Lynn, another secretary, comes to work on rollerblades every morning. Jarvis, the sales representative, keeps pigs in his back garden. I'm going to lunch with Helen later – she's going to work for a newspaper next month.
